

January 7, 2019

Dear Parents and Guardians,

Stephensen Elementary will be offering a *Coding Club* for students grades 2-4 after-school on **Thursdays and Fridays (3:00-4:00pm)** in the Computer Lab.

Coding is a basic literacy in the digital age, and it is important for kids to understand and be able to work with and understand the technology around them.

Having children learn coding at a young age prepares them for the future. Coding helps children with communication, creativity, math, writing, and confidence.

Students will be using the **Scratch** coding platform where they will learn to write scripts to animate characters and program games.

Thank you so much for your support.

Mr. Martin

PE Teacher

Stephensen Elementary

Please return this slip to the office

Student Name: _____

Grade Level _____ Teacher _____

Parent/Guardian Name(s): _____

Contact Number(s): _____

Parents are responsible for student pick up. (**It is important for student's to be picked up by 4:10pm.**)

CHECK ALL THAT APPLY
